

It begins to feel Home!

COIRFIT
LifeCare
HOSPITAL PRODUCT SERIES

Mattresses | Pillows | Bed Sheets | Sofa Cum Beds

Having an experience of more than 34 years, Coirfit Mattress has made a benchmark in various industries by serving more than 1 million satisfied customers. And for us, it's not the end, it's just a new beginning. We've spent more than three and a half decades designing and creating high-quality sleep products to be used throughout a wide range of industries - Hospitality, Healthcare, Home & Living. For years we've specialized in the manufacturing of premium sleep products.

Our **LifeCare Series** consists of a holistic range of water-resistant and pressure relief mattresses that are designed to bring comfort and relief to those in need. Our team of highly trained professionals work hard daily to develop our range of hospital products and bring you the very best in customer service.

Whether you're searching for a single waterproof mattress or looking to source healthcare mattresses for your organization, we can help. We supply medical mattresses to hospitals, nursing homes, care homes, and other medical care institutions as well. From pressure relief mattresses to custom specification mattresses, we're certain you'll find the ideal medical mattress for your requirements at COIRFIT MATTRESS.

Inspired by Science and goodness of natural herbs for boosted Health and Hygiene, all Coirfit Products are treated with unique **Herb Fresh Technology** that keeps the products fresh and sanitized by preventing breeding of dust mites, bacteria, fungi and it also eliminates bad odour.

Our Quality Control & Guarantee to You.

All our products from pressure relief mattresses to water-resistant mattresses are made adhering to strict ISO 9000:2001 guidelines. These quality control guidelines help to reassure you of the care and dedication which goes into the creation of all our products. What's more? All our medical mattresses come with a Guarantee against manufacturing faults as well.

ERGONOMIC DESIGN-SENSE

The exclusive body balanced ergonomic design of the Hospital collection mattresses adjusts the hardness & softness, there by making the right weight balance and creating a dip free surface for perfect sleep. With these mattresses, you can sleep in your favourite sleeping position, without worrying about having sore neck or pain points. The breakthrough concept of an ergonomic mattress eliminates the unnecessary issues caused by a conventional Hospital mattress.

ALL SEASONS MATTRESS

A unique science that enhances firmness and strength for added support, long lasting comfort & durability. It also allows fast air circulation and ventilation, thus keeping the body cool and comfortable. Designed to wick away excess heat, these mattresses balance your personal micro-climate and keep you thermo-neutral. The mattresses absorb heat and release it when you need it the most. With the all season feature, you get a constant comfort zone for your body.

COIRFIT DESIGN INNOVATION

Engineered in collaboration with sleep professionals and superior market research, the Lifecare collection is powered with NIVF Technology. The mattresses are free from impurities and are the perfect choice for healthy lifestyle. Unlike other conventional mattresses, these mattresses are designed keeping in mind the consumer's need for a health-conscious product at an affordable price. With the anti-bug feature, you can say goodbye to allergies, bed pests and harmful bacteria growth. Enjoy a fresh start every morning with Coirfit's Life Care collection.

ORGANIC ADVANTAGE

Made with natural fibre, these mattresses are free of any chemical application which is an added bonus for environment lovers. With anti-dust quality, a Lifecare Coir mattress is not just perfect for adults, but for elders and kids as well. Coir mattresses provide a healthy and rejuvenating environment and are medically recommended for sound sleep. Our Lifecare Coir mattresses are built with layers of antimicrobial, hypoallergenic and high quality materials. With an effective ventilation system, coir mattresses allow you to sleep comfortable by absorbing the moisture in the air.

Improving Standards, Reducing Costs.

We tend to find that many care homes and nursing homes are not offered a comprehensive range of healthcare mattresses. Mostly, it's a traditional range that is made available. These lower specification mattresses tend to be much less effective and have a shorter life expectancy than all the medical mattress we offer here at COIRFIT MATTRESS. Investing in repeat purchases of healthcare mattresses can be financially draining for any organization, whilst lower quality mattresses are also less effective at providing adequate care for patients and residents. We at Coirfit Mattress believe in improving standards, whilst simultaneously reducing costs. By working directly with us as your sleep product manufacturer, you get a healthcare mattress of superior specification at an affordable price.

We focus on creating the best specification medical mattresses and provide them to our customers at the best rates. Our full range of mattresses may be less expensive than what you are accustomed to, but you can rest assured that they are made with the best specifications. We aim to make healthcare mattresses more affordable for everyone, whether that is for hospitals, nursing homes, or home care patients. Thus, comforting many lives in need around us.

Why Coirfit Mattress can be your best partner?

FACTORY DIRECT

Make large savings as you are buying directly from a manufacturer.

QUICK TURN AROUND TIME

Speed up the delivery process. Our products are always in stock, so you don't have to wait weeks for your new healthcare mattress.

MADE IN INDIA

Know exactly what you are buying and where it was made. All our products are 100% made and sourced in India.

CUSTOMIZED PRODUCTS

Get your own range of bespoke healthcare mattress that is made to your exact requirements and specifications.

CUSTOMER RELATION

Can pass feedback directly to us, helping to continually improve our products and services.

REDUCE CARBON FOOTPRINTS

Reduce the carbon footprint of your purchase as our products come straight to you.

DOOR DELIVERY

Guarantee the highest specification of the product, delivered directly to your chosen address.

GUARANTEED QUALITY

Receive guarantee against faults in manufacture.
